Forecast for Thursday 13 Apr 2023

Weather: Cloudy with showers overnight, falling as snow above 500m with blizzards on the tops. These mostly dying out in the morning then a lot of dry and bright weather. Scattered showers developing in the afternoon, falling as sleet or snow above 700m. The odd one could be heavy with hail and thunder but dying out during the evening.

Chance of cloud-free hill tops above 800m: 20% overnight and to start the morning, becoming 70% by afternoon.

Low Cloud and visibility: Very poor with snow and extensive cloud above 500m overnight and early morning. Visibility becoming mainly good through the morning but locally poor in any showers with patchy cloud down to 500m.
